# SANTHOSHI VEMPATI

santhoshivempati12@gmail.com | (919-650-9130) | GitHub: https://github.com/vempati-santhoshi

#### **EDUCATION**

## **Kennesaw State University**

Master of Science in Information Technology | GPA: 3.9/4.0

Coursework: Data visualization, Business Intelligence, Practical Data Analytics, IT Capstone

Marietta, Georgia May 2025

#### **TECHNICAL SKILLS**

**Languages**: Python (Pandas, NumPy, Matplotlib), SQL **Data Visualization**: Tableau, familiar with Salesforce Einstein

Analytics, Gradio

**Other Tools:** Git, JIRA, Confluence, Excel, PowerPoint, Basics of SAS **Concepts:** Data Modeling, Data Storytelling, Statistical Analysis

UX Design, Data Wrangling, Data Cleaning

**Soft Skills:** Problem-Solving, effective Communication, adaptable

To new technologies, Teamwork

**Big Data Tools**: Hadoop, Hive, HBase, Spark **Databases**: Oracle, NoSQL, MySQL, PostgreSQL

Version Control: Git

Machine Leaning: TensorFlow, PyTorch, scikit-learn, Wav2Lip

gTTS, S3FD, CUDA, Transformers(familiar) **Languages**: English, Hindi, Telugu

**Cloud Platforms**: Familiar with AWS(S3, EC2, IAM)

SageMaker (Basic usage)

### **WORK EXPERIENCE**

# Infosys Ltd, Hyderabad, India

March 2021 – June 2023

Data Analyst

- Designed and deployed over 25 interactive Tableau dashboards to support strategic decision-making across marketing and product teams.
- Partnered with engineering and data science teams to integrate Hive and Oracle datasets, reducing manual reporting efforts by 40%.
- Collaborated with cross-functional teams to ensure consistency, quality, and transparency in data definitions and governance practices across departments.
- Conducted A/B testing and adoption analyses to optimize user engagement and product feature rollouts.
- Applied data storytelling techniques to communicate KPIs and trend analyses to non technical stakeholders.
- Contributed to data quality improvement by identifying and resolving over 100 data anomalies. Integrated Salesforce Einstein Analytics into visualizations to enable CRM performance insights and cross-functional sales tracking.

### Infosys Ltd, Hyderabad, India

December 2020 - Febuary 2021

Data Analyst Intern

- Built SQL queries and visual reports to track business KPIs, customer retention, and user behavior trends.
- Developed predictive models with Spark and Python to support marketing campaigns.
- Worked with product owners and UX teams to translate insights into improved UI/UX recommendations.
- Documented analytics workflows and mentored interns on visualization best practices. Collaborated with Salesforce teams to map customer journeys and optimize CRM processes, improving campaign conversion by 15%.

## **PROJECTS**

## **Text-to-Digital Avatar Generator - IT Capstone**

Aug 2024 – Dec 2024

Designed an AI-powered platform that converts text into lifelike videos using Wav2Lip and gTTS for lip-synced presentations. Built a Gradio-based web application with multilingual support for global accessibility.

Used CUDA for real-time rendering and S3FD for facial detection to enhance output quality.

Operated within Agile sprints, tracked progress on Trello, and ensured reliability with UAT and documentation.

Technologies Used: Python, Wav2Lip, gTTS, Gradio, S3FD, CUDA, Trello, GitHub, Agile, UAT

**HCAHPS Patient Survey Analysis:** Analyzed and visualized patient experience trends across U.S. hospitals using Tableau and SQL, providing insights to healthcare stakeholders.

Technologies: Tableau, SQL, Excel

**Analytics for Actuarial and Insurance (Independent Learning)**: Studied publicly accessible insurance statistics to gain an understanding of important actuarial concepts like reserving methods, claims analysis, and premium modeling. created risk exposure dashboards and employed Python-based predictive modeling to make forecasting easier. utilized data governance techniques and researched regulatory frameworks for datasets pertaining to insurance.

**Technologies**: Excel, Tableau, SQL, and Python (Pandas, scikit-learn)

## **CERTIFICATION**

Tableau Desktop Specialist Google Data Analytics Professional Certificate
